

Video Journal

JoVE Video Journal is the leading peer-reviewed, PubMed-indexed video methods journal. It publishes experimental techniques in a visual format with detailed text protocols to increase scientific reproducibility and productivity.

What are the benefits of using JoVE?

JOVE BOOSTS AN EXPERIMENT'S SUCCESS TO 95%

“ It shows everything that was used for the protocol. It can actually bring other researchers to the point where they can, in their laboratory, get the same results that we were getting in the JoVE publication. ”

MARILENE PAVAN
DAMP LAB MANAGER
Boston University

JoVE Video Journal has 13 different sections:

BIOLOGY

DEVELOPMENTAL BIOLOGY

GENETICS

BIOCHEMISTRY

NEUROSCIENCE

IMMUNOLOGY & INFECTION

MEDICINE

CANCER RESEARCH

BEHAVIOR

BIOENGINEERING

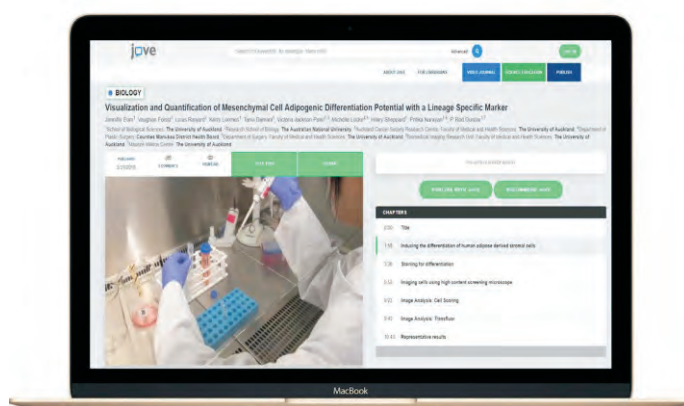

ENGINEERING

CHEMISTRY

ENVIRONMENT

1,000+ of the world's top universities, colleges, hospitals and biotech companies subscribe to JoVE

10,000+ published video articles from 3,700+ institutions

“JoVE is a resource that's unlike any other resource that we have here at the library. I would recommend it to other librarians, especially those working with medical students or any kinds of researchers that really could take advantage of a unique visual platform.”

WHITNEY BATES-GOMEZ
ELECTRONIC LIBRARIAN
Memorial Sloan Kettering Cancer Center

JoVE is the leading producer and publisher of video resources with the mission to increase the productivity of research and education in science, medicine and engineering. JoVE has produced more than 10,000 video articles demonstrating experiments filmed in laboratories at top research institutions and delivered online to millions of scientists, educators and students worldwide.

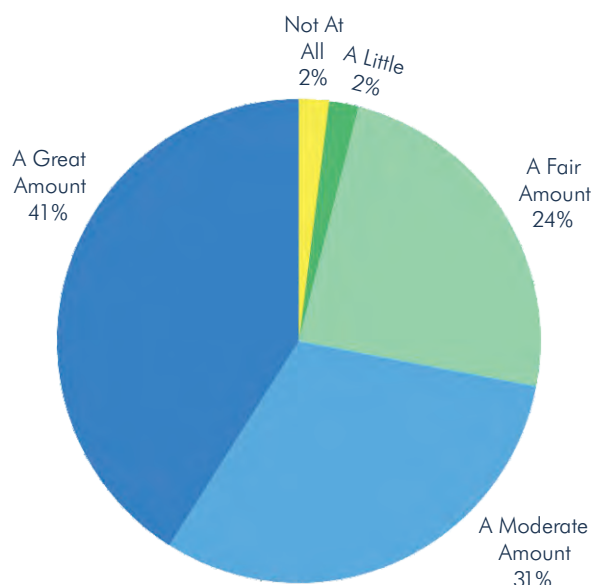

Science Education

For faculty and students, JoVE Science Education Library is an essential resource that makes teaching and learning scientific fundamentals more engaging, efficient, and effective, through easy-to-follow video demonstrations created by experts at top institutions.

Benefits of using JoVE in the classroom

How many students feel more confident in class after watching a JoVE video?

Results from a recent study at two universities*

89% of students felt more confident during lab

92% of students felt they understood how to conduct the lab better

96% of students found the video helped explain the core scientific concepts

“*JoVE videos stand out for their brevity. The students’ attention is short, and lab time is precious ... the JoVE videos covered the most important parts and left out the needless details. It kept the students’ attention and it shows in their results*”

LARA GOUDSOUZIAN, Ph.D.
Assistant Professor
DeSales University

*Effectiveness of JoVE Videos in Improving STEM Students’ Performance: A Study in Undergraduate Biology Labs
By Karen Mutch-Jones, Ed.D. and Yueming Jia, Ph.D. and STEM Education Evaluation Center at TERC, Cambridge, MA (January 2018)

The Science Education Library contains 10 series, with 42 collections and 1000+ videos

Students and Faculty can watch videos to learn key concepts and experimental techniques in:

BASIC BIOLOGY

ADVANCED BIOLOGY

CHEMISTRY

ENGINEERING

CLINICAL SKILLS

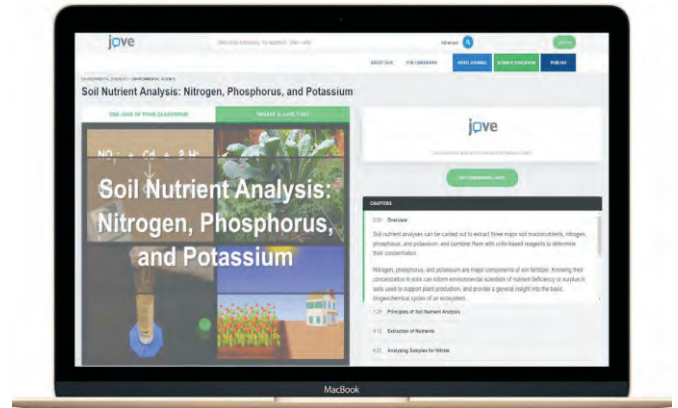

PHYSICS

ENVIRONMENTAL SCIENCES

PSYCHOLOGY

LAB MANUAL

CORE

Science Education: 1000+ vide with subtitles in 10 languages

In a few clicks, embed the videos in an learning management or ERP system

“While there is a plethora of video content available on YouTube and other platforms, the quality is variable, and many videos are aimed at a more general, non-scientific audience. It's great to steer students to high-quality, relevant videos at the right level.”
