Scholarly Books & Journals
Today's Research Tomorrow's Inspiration
The John Hopkins University Press

Project MUSE is a leading provider of humanities and social science digital content for the scholarly community around the world.

For over 25 years, Project MUSE has been the trusted and reliable source of complete, full-text versions of scholarly journals from many of the world's leading universities and scholarly societies. Currently, Project MUSE has over 800 journals from 200 publishers and offers over 82,000 books from more than 125 presses. All books are fully integrated with Project MUSE's scholarly journal content, with collection and single title purchasing. 4500 OA books are available, along with free MARC records for each.

SCHOLARLY JOURNALS
IN THE HUMANITIES AND
SOCIAL SCIENCES

muse.jhu.edu

Project MUSE is the sole source of complete, full-text versions of distinguished journal titles from many of the world's leading university presses and scholarly societies. MUSE offers both current and archival content within collections. There are no embargoes on any journal content. Libraries may select from several interdisciplinary collections that are designed to meet specific needs and budgets. Project MUSE journal collections are available to institutions by subscription access.

Project MUSE Books Custom Collections

Project MUSE Books Custom Collections
**Your Titles. Your Budget.
Your Choice.**
Curate your collection of essential,
trusted scholarship now

Project MUSE Books Custom Collections offer libraries ultimate flexibility to customize their acquisitions and make the best use of available funds for the most needed content.

Design a collection the easy way by filtering our more than **80,000 available titles** on criteria such as subject, publisher, and publication date, or more closely curate a collection by making individual title selections.

Easily add electronic access for existing print holdings, instantly gain resources to support a new program/major, or quickly address course needs with a collection tailored to instructor requests.

The MUSE platform hosts content from **nearly 200 respected university presses**, scholarly societies, and related not-for-profit publishers, across a wide range of humanities and social science disciplines including literature, history, cultural studies, education, religious studies, the arts, politics and policy studies, area studies, public health, gender studies, anthropology, philosophy, ecology, media studies, literary fiction and poetry, and many more.

All books are DRM-free, with unlimited simultaneous use, downloading, and printing, making them ideal for both research and class use.

More about Books Custom Collections

More than 80,000 books from over 200 distinguished not-for-profit publishers can be added to your custom collection purchase. All books on Project MUSE are DRM-free and offer:

- Unlimited simultaneous usage, downloading, and printing
- Responsive, accessible, mobile-friendly platform
- Support for discovery (MARC, KBART, vendor integration)
- COUNTER-compliant usage reports
- Archiving and preservation via Portico

Customize your selection by filtering our extensive title list by subject, publisher, publication date, and price, to create a collection that contains only the titles you need, and suits your available budget.
